

# Cyber Security Framework for a Solid Digital Government

Epp Maaten

Director of the Cyber Security Program

E-Governance Academy, Estonia

Cyber Security Influencing Factor 1

# Information Society Development

Networked  
systems demand  
comprehensive  
security

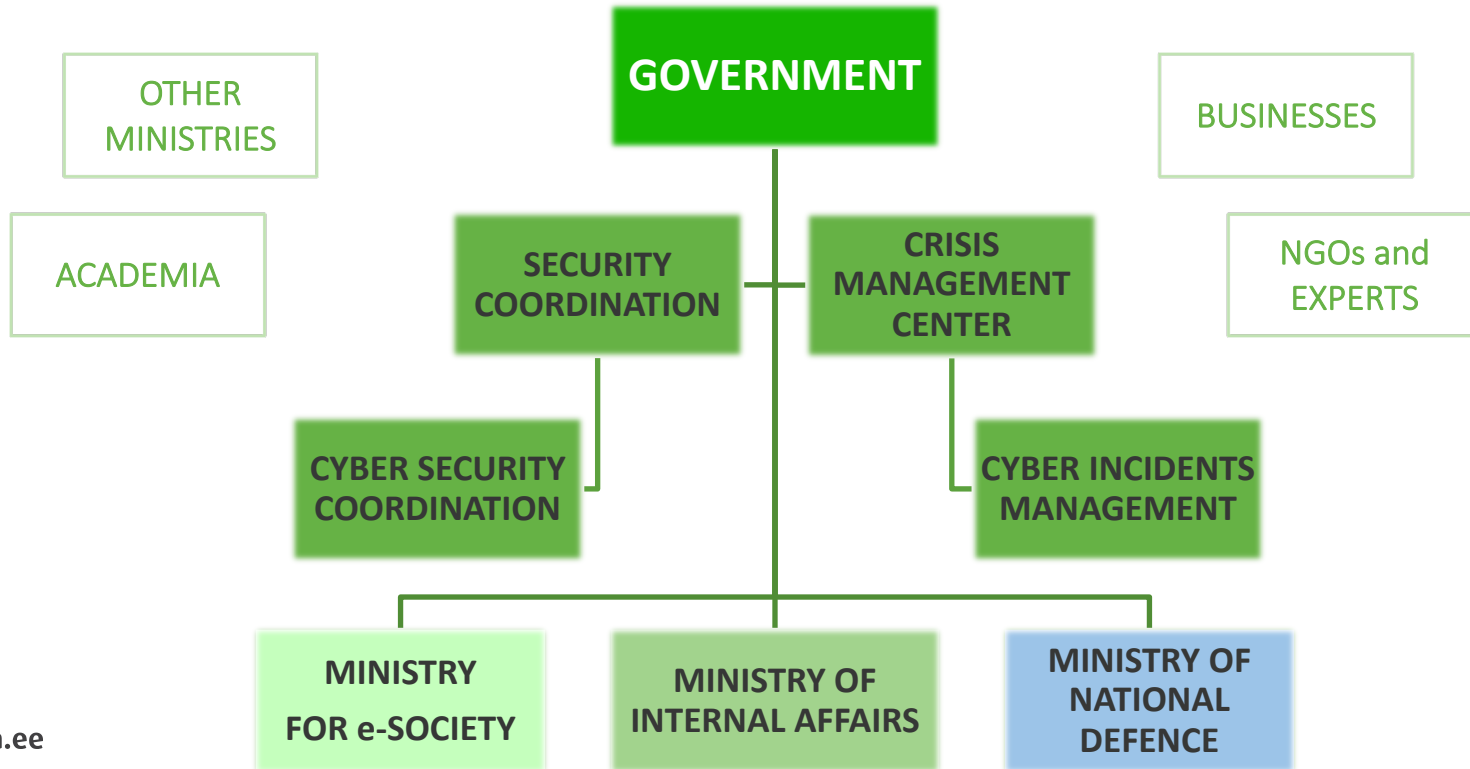

Cyber Security Influencing Factor 2

# Large-Scale Cyber Attacks

Security must  
be coordinated

# Organisation

Cyber Security Influencing Factor 3

# Development of cyberspace & Modern cyber attacks

How to benefit from the NCSI?

# Cyber Security Services

- **Cyber security maturity assessment**  
consulting countries on their next steps of development and how to improve the NCSI score
- **Development of policy and regulations**  
incl national or sectorial cyber security strategy and development plan
- **Capacity building**  
CSIRTs, police departments, public institution and essential service providers

# Thank you!
